

**SENIOR LECTURER/LECTURER IN STATISTICS
SCHOOL OF MATHEMATICS AND STATISTICS
REFERENCE NO. 1844/0610**

- Engage in research and scholarly activities
- Become an active member of the School
- Up to \$137k p.a. packaged salary

The University of Sydney is Australia's first university with an outstanding global reputation for academic and research excellence, and employs over 6,800 permanent staff supporting over 46,000 students.

The School of Mathematics and Statistics is a large and diverse school with research strengths in many areas of mathematics and statistics. The current areas of research in statistics and probability within the School are asymptotic approximations and limit theorems, applied probability, including applications in financial mathematics, time series, extreme value theory, generalised linear models, bioinformatics and computer intensive methods.

Applications are invited for a Senior Lecturer or Lecturer in Statistics in the School of Mathematics and Statistics. You will engage in research and scholarly activities in mathematical statistics, as well as teach a range of courses and play an active role in the administration of the School.

Essential criteria for the position are: a PhD (or equivalent qualification); demonstrated evidence of research ability and potential in an area of statistics, probability, stochastic processes or financial mathematics; evidence of ability, versatility and commitment to excellence in undergraduate teaching; excellent written and verbal communication skills, and the ability to work cooperatively with others. An established research record in one of the above areas as well as demonstrated administrative skills is essential for candidates at Level C. A track record of success in obtaining external research funding is a desirable criterion for candidates at Level C.

Further information concerning the School's research activities and teaching program can be found on the School's websites:

<http://www.maths.usyd.edu.au/res/Research.html> (Research information)

<http://www.maths.usyd.edu.au/u/UG/> (Undergraduate program)

<http://www.maths.usyd.edu.au/u/PG/> (Postgraduate program)

The position is full-time continuing (tenure track), subject to the completion of a satisfactory probation period for new appointees. Membership of a University approved superannuation scheme is a condition of employment for new appointees.

Remuneration package: \$97-\$137k p.a. (which includes a base salary, leave loading and up to 17% employer's contribution to superannuation).

Some assistance towards travelling cost and visa sponsorship may be available for the successful appointees if required and level of appointment will be commensurate with experience and qualifications.

All applications must be submitted via The University of Sydney careers website. Visit sydney.edu.au/positions and search by the reference number for more information and to apply.

CLOSING DATE: 16 September 2010

The University is an Equal Opportunity employer committed to equity, diversity and social inclusion. Applications from equity target groups and women are encouraged.

The University reserves the right not to proceed with any appointment.
