Instructions for students

- There will be a quiz (worth 15%) in week 5 in your tutorial class. This will be closed book.

- You will be given a question sheet. This sheet contains 10 multiple choice questions. Mark the answer to each question which you think is correct, in pen. Each correct answer is worth 1 mark.

- The quiz will be held in the first 30 minutes of your tutorial class, starting at 5 minutes past the hour till 35 minutes after the hour. Latecomers are not given extra time.

- Material in quiz 1: Everything up to and including the work of week 4. That is, you are expected to know the study material for weeks 1-4 (inclusive).

- You need to use GENSTAT to answer some these questions.

- Students must have their student ID card on the desk during the quiz.

- Students need to bring their own calculator to use in this quiz.

- No copy of the quiz is to be taken from the room by a student.
