School of Mathematics and Statistics

QUizzes in Junior Mathematics Units

- You must sit the quiz in the tutorial in which you are enrolled. Your mark will not be recorded if you sit the quiz in a tutorial in which you are not enrolled.

- You are enrolled in a tutorial if and only if your name is typed on the tutor’s roll.

- If you have a legitimate reason for not being able to sit the quiz in the correct tutorial, then you must go to the Student Office (Carslaw room 520) and ask if an alternative arrangement can be made. You should do this well in advance of your timetabled tutorial.

- You must have your student card (or other photo ID) with you during the quiz.

- If you miss your tutorial due to illness or misadventure on the day of the quiz, you should go to the Student Office (Carslaw room 520) as soon as possible afterwards. If you have a legitimate reason for having missed your tutorial, then it may be possible for you to sit the quiz at another time.

- If it is not possible for you to sit the quiz at another time, then you may be eligible to apply for special consideration.

See the Special Consideration Policy at http://www.maths.usyd.edu.au/u/UG/SpecialConsideration.html
